Hi Folks- I have heard from 6 of you. The one slot that works for everyone so far is Monday 12/13 from 12-1 pacific. Can that work for the rest of you? Please let me know ASAP, and thanks
Dave

Subject: Hyperion Recycling Permitting Issues

Greetings All- I hope this finds you well

Following brief communications I've had with Chris Minton, Terry Fleming, and Renee Purdy, I would like to propose a meeting to discuss potential challenges in permitting the Hyperion discharge following implementation of the new recycling operation being planned there. The new discharge will apparently be lower in volume but comprised more of RO concentrate and could bump up against certain concentration TMDL and permit provisions. We'd like to explore these issues with you early along with potential approaches to addressing them. I set up a Doodle poll to try to find a good time for most or all, so please go to this link and provide your availability at your earliest convenience, then we'll set up a TEAMS or Zoom call:

https://doodle.com/poll/msmktkrqd8n3cxae?utm_source=poll&utm_medium=link

Many thanks!

Dave
